

LEVERAGING COMMUNITIES TO ACCELERATE SUSTAINABILITY

Francois Retief
GBCSA Convention '17

The background of the image features a complex network diagram. It consists of a central sphere densely packed with nodes and connections. Surrounding this central sphere are several concentric layers of nodes, each connected to the others and to the central sphere, creating a web-like structure that expands outwards. The nodes are represented by small dots, and the connections are thin lines. The overall effect is one of a highly interconnected system, possibly representing a global network or a complex data structure.

Connecting Dots...

Abundance Mentality

In People We Trust

A photograph of a stack of smooth, rounded stones balanced on a mossy rock in a forest setting. The stones are stacked vertically, with the largest at the bottom and the smallest at the top. The background is a blurred forest floor with green foliage and moss. The text "Collaborative Consumption" is overlaid in white, bold, sans-serif font across the middle of the image.

Collaborative Consumption
