

## **GBCSA Membership Benefits**

“As a member of the Green Building Council SA, you and your company can access the extensive networks, resources and services at your disposal to help realise your financial and green goals. We provide the scaffolding to support your mandate. Together, we will play a role in inspiring a built environment in which people and planet thrive.”

### **Benefits of membership of the Green Building Council South Africa:**

#### **Events**

The Green building council, in partnership with our members organize events throughout the year. Events include; Exclusive Member events, Planet Shaper events, Building Tours and our annual Green Building Convention.

1. Member events provide information and the opportunity to discuss topical issues, new innovations, etc. This is a great opportunity to network with the members in your industry and market products or projects.
2. Our [Green Building Convention](#) is THE networking event of the year and our line-up of speakers combine local experience and developments with the most innovate international trends. Join us in CT in October 2018 where Paul Hawken, an international leader in environmental sustainability, will be presenting

#### **Membership benefits include:**

- Use of the Green Building Council SA member logo on all communications – website, emails, promotional materials, letterhead etc.
- Preferential pricing on bespoke and public education courses. Our education courses broadly cover our 3 Green Star SA Rating Tools (for New Buildings; Existing Buildings Performance; Interiors) and a course on the Economics of Green Building. We also offer EDGE training for residential projects.
- Obtain CPD points from our courses and attendance of our convention
- Access to technical manuals, support documents and digital publications (we recommend that product manufacturers / distributors familiarise themselves with the Green Star technical manuals in order to understand how their product portfolio can address the needs of the market and consequently how to position themselves)
- Discounted building certification prices
- Exclusive member event and convention pricing
- Opportunity for exposure in the member newsletter sent to 7000+ subscribers
- Opportunities for the GBCSA team to work more closely in assisting your business strategy eg: marketing support in celebrating our members’ notable green achievements
- Access to the member community, networking with like-minded individuals and professionals at member events
- Listing on our online searchable data base
- Opportunity for CSI engagement
